NEETs and stakeholders involved:

The morning of the 26th will be entirely dedicated to working between the partners.

The two appointments of 26 afternoon and 27 morning are open to partners, stakeholders (4-5 per country) and Neets (4-5 per country) of the partner countries.

The objective of 26 is to offer a vision from a social point of view of the relationships and connections created in the area and promoted by the project to encourage the involvement of young people in training and job placement paths.

The guests will be the institutional representatives of the local social services, the youth information network, some local companies involved in the project activities, the NEETs included in the activated paths.

The presence of NEETs is very important and they will participate in an activity designed specifically for them.

The morning of the 27th will be dedicated to the institutional world and local companies. The purpose is to offer a broad view of the Mantova area and its resources. Thanks to the guests who will speak and the video contributions prepared for the occasion, we will be able to offer a "digital" alternative to study visits in the company - physically impossible.

In each of the two events open to NEETs and stakeholders from partner countries, it will be possible for those who participate to ask to speak by booking the intervention via chat.

We kindly ask you to indicate the names and email addresses and qualifications of those who will participate in the meeting by filling out the document that you find at the following link: <https://drive.google.com/file/d/1M-XpAV7Q4AmWptwfParz8AeqwX37ip2Z/view?usp=sharing>

We also remind you and ask you to remind all participants that the meetings could be recorded and that the images, videos and recordings can be used for the purposes of the project.
